

Meeting Goals

- To begin a dialogue among GMI Partners about the role of GMI moving forward
- To assess interest and achieve consensus on pursuing an extension of the GMI Charter beyond 2015
- To discuss and identify ways in which GMI should adapt to be as effective as possible
- To begin a dialogue about how the work of GMI could support and complement broader international approaches to methane mitigation
- To establish a roadmap for the next 12 months to define the future of GMI post-2015
