

International Methane Forum (I)

The ASG intends to hold an **International Methane Forum** (“Forum”) in 2015 to celebrate more than a decade of accomplishments within the methane mitigation realm.

WHO: All GMI Partners and Project Network Members

WHERE: Washington, DC

WHEN: October/November 2015 (Date TBD)

International Methane Forum (II)

The Forum will feature:

- Plenary sessions on cross-cutting issues (e.g. financing, developing national climate action plans or Nationally Appropriate Mitigation Actions)
- Sector-specific technical and policy sessions
- Steering and Subcommittee meetings
- New GMI outreach publications and videos showcasing 10 years of accomplishments
- Possible sector-specific site visits
