

# Aligning the Strategic Plan

---

Moderated by Stephanie Janetos, Oil and Gas  
Subcommittee Co-Chair

# 2006 Action Plan - Outline

---

1. Identify Methane Recovery Opportunities, Available Technologies, and Best Practices
2. Identify Key Barriers and Issues for Project Development
3. Conduct Market Assessment
4. Discuss Country-Specific Needs, Opportunities, and Priorities
5. Identify Possible Cooperative Activities to Increase Methane Recovery and Use in the Sector
6. Conduct Outreach to Project Network Members
7. Identify Project Finance Opportunities and Mechanisms

# Discussion questions

---

1. What are the main needs of your country or business to reduce methane emissions from the oil and gas sector (technical assistance, policy development, financial assistance)?
2. What are the main barriers to your country or company reducing methane emissions?
3. How could GMI assist you with addressing these needs and barriers?
